Memorandum

To: Distribution

From: Shane Pegram, P.E. SP
Construction Engineering Services Engineer

Date: January 23, 2023

Subject: Construction Non-uniformity Complaint Form

An updated Construction Non-Uniformity Complaint Form has been developed and replaces the form that was issued 1/14/2009. Copies of the form can be found on the Contractors Forms Web Page located at:

https://www.mdt.mt.gov/publications/forms/const-forms.aspx

This form's intent is to address non-uniformity issues and improve statewide uniformity and contract administration. This form is to be used by any person complaining of a non-uniformity issue with MDT construction contracts. It will be that person's responsibility to completely fill out the form and sign it. If it is not signed it will not be processed. The completed form is to be submitted to the Construction Engineering Services Engineer at the address on the form.

Please contact the Construction Engineering Services Engineer if you have any questions or require additional information.
