ABOUT THE ADA TRANSITION PLAN UPDATE

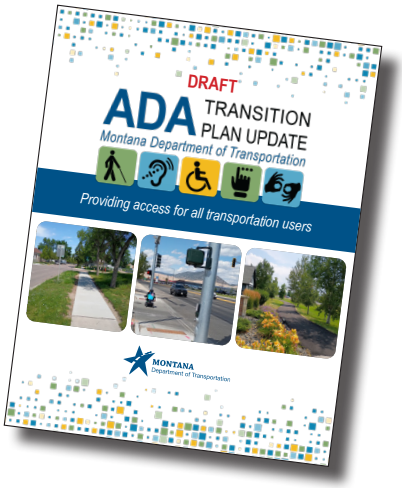

The ADA Transition Plan Update guides MDT's efforts to remove accessibility barriers so people of all abilities can use Montana's transportation system. It is required under Title II of the Americans with Disabilities Act (ADA) for public entities with 50 or more employees.

WHAT THE PLAN COVERS

Rights-of-Way:
Curb ramps, sidewalks, crosswalks, median crossings, and accessible pedestrian signals on MDT-maintained routes

Building Facilities:
District and headquarters offices, rest areas, airports, maintenance buildings, and scale sites

Programs and Services:
Administration, communications, and public involvement

PURPOSE OF THE 2026 UPDATE

The 2026 update is a five-year review of the 2021 plan. It is administrative in nature and is not intended to make sweeping changes. The update:

- ✓ Reflects MDT's recent reorganization, including updated program areas and responsibilities
- ✓ Incorporates current federal regulations and recent MDT plans/guidance
- ✓ Documents progress since the 2021 plan

A LIVING DOCUMENT

MDT reviews its progress every two years and reviews the full plan every five years. The next five-year review is anticipated in 2031.
